

GRAFTERS

M161A

Colour:	Black
Upper:	Action Leather/Nylon
Sole:	Dual Density PU Tread Sole
Sizes:	EU 36 to 49
Standard:	EN ISO 20345
Rating:	S3
Properties:	P A FO E WRU WR
Slip Rating:	SRC

GRAFTERS - M161A

A Safety Waterproof Hiker Type Boot Conforming to European Standard EN ISO 20345 S3. Protection Benefits from a Safety Toe Cap & an Anti Penetration Midsole. The Dual Density PU Tread Sole Offers Traction Surpassing SRC Slip Resistance Test Standards.

Features & Benefits:-

EN ISO 20345 S3	Conforms to the European Standard EN ISO 20345 S3 Safety Toe Cap Tested to ≥ 200 Joules Impact & 15kN Compression
P	Sole Penetration Resistant Midsole Tested to $\geq 1,100$ Newtons
A	Antistatic Resistance Between Foot & Ground. (0.1 to 1,000m Ohms)
FO	Fuel Oil Resistant Outsole
E	Heel Energy Absorption Tested to ≥ 20 Joules
WRU	Water Resistant Treated Upper
WR	Water Resistant Treated Article
SRC	Sole Meets the Minimum Requirements for Slip Resistance when Tested on a Ceramic Tile Floor wetted with Sodium Lauryl Sulphate Solution and a Stainless Steel Floor wetted with Glycerol Solution
